

## **ASSEMBLY REPORT**

The students of class XI-E presented the morning assembly on the topic- 'ANGER MANAGEMENT'.

The assembly began with serenity: the students invoked the blessings of the almighty through a Shabad. A beautiful 'Thought of The Day' was presented along with two 'New Words of The Day' in order to enhance the students' vocabulary. This was followed by the 'News Flash' to promote vigilance among the students and encourage them to be aware about the political happenings around the world. The students then informed their schoolmates about the concept of anger, its causes and consequences, its impact on physical and psychological health and strategies and methods to control and manage anger. The felicitation ceremony and National Anthem marked a beautiful end to the morning assembly.

To conclude, our Principal Ma'am, Mrs. Asha Saran Srivastava addressed the gathering with her kind words and enlightened the students.

It was a great opportunity for the students of class XI-E to showcase their talent and capabilities in the form of speech and PPTs.
