

## ASSEMBLY/ ACTIVITY REPORT

### APRIL 2023

### PS/PP

#### Assembly

#### BAISAKHI

Baisakhi is an important festival in Punjab. And is celebrated with great enthusiasm, to help our kindergarten students, understand the significance of this important harvest festival, we conducted a special assembly on April 13, 2023. Girls looked beautiful in salwar kameez and boys looked handsome in kurta pyjama. Students spoke on the importance of the festival and how it is celebrated with immense confidence.

#### EARTH DAY

Our Mother Earth has bestowed upon us wonderful resources and it's our utmost responsibility to preserve and cautiously utilise them. To help our kindergarten students, understand the importance of Earth Day, we conducted a special assembly on April 21, 2023. Students wore meaningful and attractive props and spoke about the various means to save Mother Earth. It was truly a learning experience for our young buds.

## GRATITUDE DAY

To inculcate a sense of gratitude towards the people who work very hard to help make our lives comfortable, we conducted a special assembly on Gratitude Day. Students spoke about various helpers and their contributions. Students learnt that we should always acknowledge and be grateful to all the people who help us in one way or the other

### Activity

## FAMILIARISATION DAY PRE-SCHOOL

JKPS invited parents of Preschool students for familiarization with the class and campus. An individual interactive session enabled the parents to learn more about the school as well as know what they may expect to see upon arrival.

The familiarization aimed to ensure a smooth transition for the new students from home to school. It heralded a new beginning at JKPS.

The corridors, reception, classrooms, and bulletin boards were decorated in a very creative and captivating manner radiating a colourful and vibrant look.

This journey allowed the parents to meet and interact with class teachers along with the submission of the book set, discussing their ward's mode of dispersal.

The school diary was also issued.

JKPS kept this day on April 03, 2023, with tiny tots or rather new members of the JKPS family. Teachers got ample opportunities to know more about new kiddos and their parents. Children were given a very comfortable atmosphere with all the love. They were also given some worksheets for colouring. Children also enjoyed playing with clay. The parents were very happy with such a warm welcome.

## NATURE WALK

God has gifted us with mesmerizing natural resources. We should always utilise our resources judiciously and appreciate the beauty of nature. To help our kindergarten students, experience this we conducted a Nature walk for them. Students were shown a variety of colourful flowers, different types of trees, birds etc. Students enjoyed collecting twigs, fruits etc
