## DECEMBER 2023

### *ASSEMBLIES*

CLASSES PP/PS

FEEL THE CHILL

Winters is a time not only to enjoy bonfires and yummy delicacies. It's also the time to protect ourselves from chilly weather and foggy mornings. To help our students understand the significance of Winters, food items consumed, clothing to be worn, etc we conducted a special activity in our classes.

## CHRISTMAS

Christmas is celebrated on 25th December every year. To help our students understand the importance of the festival, how it is celebrated, and why it is celebrated we conducted a special assembly on 20th December. Pre-primary students presented a mesmerizing dance and sang carols. Pre-school students presented a beautiful tableau. It was truly a learning experience for our little munchkins.

## *ACTIVITIES*

### *NO BAG DAY*

Students indulged in a lot of interesting activities on No Bag Day. They enjoyed aerobics and free play. To engross them we had a mind-boggling segregation activity wherein they had to identify and differentiate between types of animals.

## MAKING OF SNOWMAN

Learning by doing enhances creativity in young minds. Students of Pre-Primary were taught how to make snowmen using white sheets and bindis. They enjoyed the craft activity.

## PAPER FOLDING ACTIVITY

Students learned how to make a dog using origami sheets through paper folding. They found the activity very engrossing.
