

## Visit to Nishkam Sikh Welfare Council

On 12th March 2024, students, parents, and teachers of Jaspal Kaur Public School visited the “Nishkam Sikh Welfare Council”. It is an organisation that has been serving humanity since 1984. Their mission is dedicated to the empowerment and betterment of every segment of society, striving for unity and cohesion.

Central to their ethos is the cherished tradition of "[Sarbat da Bhala](#)" - the welfare of all - a foundational value within Sikhism. Inspired by the spiritual teachings of Guru Nanak, encapsulated in the mantra "Kirat Karo" (To earn); "Naam Japo" (To meditate); and "Vand Chakko" (To share), they aim to emulate this selfless spirit in all their endeavours. This philosophy has positively impacted countless lives, and JKPS is honoured to have visited and contributed to a noble cause.

11 students, 4 parents, and a teacher visited the centre and contributed registers and pens to aid the students in their schooling.

JKPS has always been actively involved in serving humanity. Visiting the organisation made the students understand through various outreach programs and community service projects, we have strived to make a positive impact on the lives of those in need.

The recent visit proved to be an incredibly enriching and enlightening experience for our students. It offered them a valuable opportunity to broaden their horizons and deepen their understanding.
