

VIVEKANANDA PAATHSHALA- MAY 2023

May 2023 was a month filled with knowledge, education, and enjoyment. Children were welcomed by the teachers for the engaging sessions.

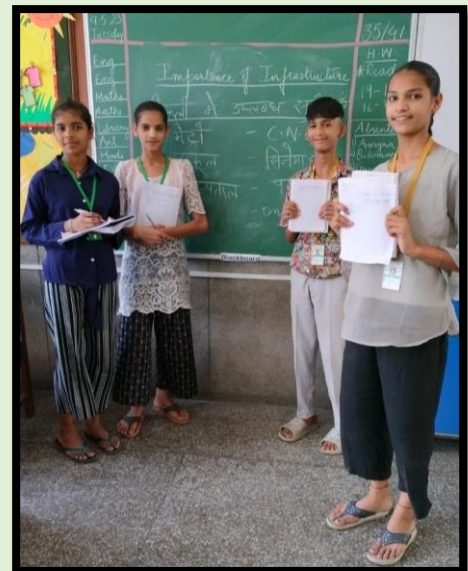

The concepts of body parts and their functions were introduced to the kids through play.

Game: Simon says was played by the teacher and students through which different body parts and their names along with its functions were explained.

The generation of electric current and how a light bulb glows were described to children.

When instructed to draw the stunning architecture of Delhi, known as "Mere Sapno ki Dilli," the youngsters eagerly engaged in the workshop and gained knowledge about the capital.

A child's interest in the language grows as a result of engaging grammar instruction. It not only provides children's writing strength, but it also exudes their self-assurance. Adjectives were learned by children with the use of videos. To help them improve their language abilities even more, a fascinating session on crafting effective phrases was prepared.

The sharing of joys with friends is also crucial. Candy and presents were also given out as part of birthday celebration to the students of Vivekananda Paathshala.

Children engaged in an ongoing learning process through dancing.
