

Provisions of C.B.S.E. for CWSN

“Inclusive, good-quality education is a foundation for dynamic and equitable societies.”

-Desmond Tutu

A workshop was arranged for the teachers of classes IX to XII on understanding the provisions and exemptions offered by C.B.S.E. to children with Special Needs on 22 May 2023, Tuesday. The session was conducted by the school's special educator Ms. Shruti Sethi.

The teachers were oriented about the pre-requisite documents for applying for the provisions, subject facilities available in the school, and various other provisions provided by the C.B.S.E. to children with unique abilities. The teachers were also guided about the different roles and prerequisites required when the school is selected as a board center. The session ended with a Q&A session where queries were taken and solved.
