#### Dear Parents & Students

Career education and guidance plays an important role in curriculum that supports students' interests, strengths, and aspirations. The main aim of career counselling is to help students choose a field that is in tune with their skills and their job expectations. Thus, with the help of career counselling, most candidates end up choosing the right career, and perform their level best, which ultimately helps them succeed.

**JKPS** has carved a niche in imparting education to its students, through constant and tireless pursuit of excellence in all endeavors. In continuum, we will be organizing a **Virtual Career Fair** on **Saturday, October 31, 2020** in collaboration with ICAE- International Centre for Advancement of Education. The fair will provide learners an opportunity to know more about different career prospects. The fair will provide learners a wonderful opportunity to get information about various Indian and Foreign universities and the courses they offer, thus enabling a complete understanding of possible career fields and opportunities available in the contemporary world.

The event will embrace a significant change in the student's & parent's perception by creating awareness about future career prospects. The student-parent community would be immensely benefitted by the endless advantages.
