'Choosing to be positive and having a grateful attitude is going to determine how you are going to live your life.'

- Joel Osteen

Dear Parents

Warm greetings!

Team JKPS firmly believes that keeping a positive attitude and striving to do the best is the key to success. With this mindset, we took a plunge into the Mid-Term Assessment after the completion of substantial syllabus. The meaningful interaction with the parents during the Result PTM followed by encouraging parents' feedback has truly boosted our morale. With your constant support, we have been able to surge with renewed energy into the final term of the academic session 2020-21.

Another step in our constant endeavour to provide the best opportunities in the **Scholastic Domain** to our students is the participation in **SOF Olympiad Exams**, which enhance their reasoning, analytical, and problem-solving skills by allowing them to apply their theoretical knowledge to real-world problems. Please go through the detailed circular by clicking at ([SOF](#)).

The International Award for Young People (IAYP) for the students of classes **IX to XI** is an amazing platform for all the aspiring students who wish to attain global outlook and prepare themselves for the prestigious national and international universities in the years to come. This voluntary, non-competitive award programme includes activities integrating the themes of internationalization and community outreach which can easily be completed while at home. You may also contact the school counsellor for further guidance to grab this wonderful opportunity. To know more about the award and explore activities that can be under taken, you can also visit the IAYP website www.iayp.in and to register for the award please read the detailed circular : ([IAYP](#)).

Students grow and shine with their parents, and we at JKPS are fortunate to have such parents who always show their confidence in all our endeavours. The success of **Virtual Project Show** of **class-II** is indeed a testimony of our fruitful collaboration. It was overwhelming to see students, teachers, and parents working together as a team. It was only your cooperation that has helped us unravel novel talents in our children. Sharing with you a few glimpses of the mesmerizing show.

I wish to communicate my **special regard** and **deep gratitude** to all those parents who have been depositing the school tuition fee on time every month thereby acknowledging the diligent work and sincere efforts of our teaching faculty and the school in providing quality education to our students.

However, we have reconciled the school's fee record and have noticed that some parents have not paid the fee for **October 2020** till now. Keeping in view, the directives issued to schools by DOE vide circular dated **April 18, 2020**, and the subsequent order dated **August 28, 2020**, to pay the **Monthly Tuition Fee** to the schools.

I would appreciate if all the pending dues of the session 2020-21 (**for the month of October and previous months**) are cleared by the parents before **Thursday, October 22, 2020**, to help and support the school to meet the essential commitments and expenses.
