Dear Parent

“Feeling gratitude and not expressing it is like wrapping a Gift and not giving it”

*I am extremely happy to share with you that the **Project Show for Class -II** which was organized on **Saturday, October 17, 2020**. by our young Jaspalians under the guidance of the teachers, went off very well. The show was organized on the virtual mode and incorporated story, drama, dance and much more. Accolades were showered on the participants by all the management committee members, PTA members and other distinguished guests, who witnessed the show.*

Thanks a lot for attending the Project show. I am confident that joint partnership of parents and school is the key to all our successful performances and shows. We could not have pulled off the celebration without our dear parents' support.

As you know, that the present times are quite difficult for all of us due to unprecedented spread of the pandemic for quite some time, I am thankful to you for your whole hearted support in taking the school successfully from physical mode to virtual mode of teaching.

I hope the efforts and support of our parents will serve as a stepping stone towards various milestones which we intend to cover in the pursuit of excellence.

May the almighty bless our efforts towards the progress of our school!
