"When you are looking at your mother, you are looking at the purest love you will ever know".

- Charles Benetto

Mothers are one of the most beautiful and precious creations of God. Not just in the development of a child, they also play a crucial role in sustaining a family. Mothers are saints, mothers are an irrevocable force of love, the harbinger of hope and the reason everyone walks the path on this life rope. Mothers can't simply be put into words, and can't be celebrated enough. Therefore, this assembly aimed to start a communication about mothers. The students of classes IV - VII were shown videos and presentations based on the importance of a mother. They read stories, danced, painted, wrote poems and made cards to show their love towards their mother. They were also encouraged to be kind, considerate and more loving towards their mothers.
