

## JANUARY WEBSITE REPORT

### PS\PP

#### Assembly

#### Birds

Birds and animals are an important part of our ecosystem. We should always be kind towards them. To enhance the knowledge of our students and help them learn more about birds we conducted a special activity for them. Students dressed up as birds and spoke about their unique features. It was an interesting and knowledgeable experience for our young buds.

#### Little Creatures

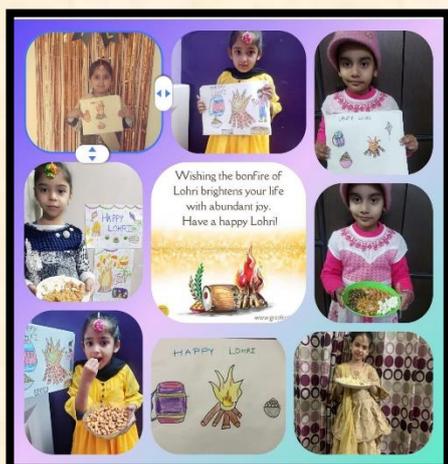

To help our kindergarten students understand the difference between birds and insects, and learn more about insects we conducted a special assembly named 'Little Creatures'. Students learnt about mosquitoes, houseflies, butterflies, honeybees etc. Clad as their favourite insect, students shared their love for the tiny creatures. It was an interesting and knowledgeable activity for our young learners.

## Celebrations

### Lohri

Lohri, the first festival of the year is celebrated with lots of zeal and enthusiasm in north India. To stimulate the understanding of the significance of this festival, we celebrated Lohri in our special assembly. Wearing traditional attire, eating popcorn and dancing to the folk songs - that's how we celebrated the festival. Art integrated activity also brought joy as students enjoyed drawing bonfire and 'dholak'.

### Republic Day

Republic Day is an important national festival. On the 26<sup>th</sup> of January every year we gather to commemorate, the free spirit of India. To help students, understand the significance of this historically significant day, we had a special assembly and also an interesting craft activity for the students of preschool and pre-primary. Students learnt to make the beautiful tricolour flag and spoke on the topic confidently.

## ACTIVITY

### Bake with love

We at JKPS believe in the holistic development of our students. Students are given exposure to activities beyond academics so that they can upskill themselves. To encourage them to enhance their culinary skills, we had a fruitful fireless cooking session for them. Students made delicious and tempting Oreo cake with bread and chocolate. Students enjoyed making this delicacy.
