

## ASSEMBLY FOR CLASSES VI- VIII

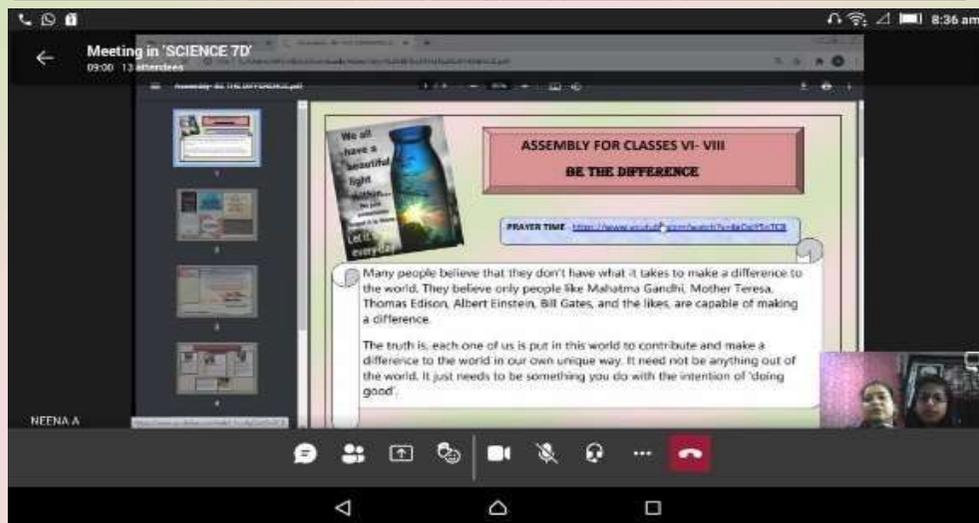

### BE THE DIFFERENCE

### REPORT-ONLINE ASSEMBLY

Many people believe that they don't have what it takes to make a difference to the world. They believe only people like Mahatma Gandhi, Mother Teresa, Thomas Edison, Albert Einstein, Bill Gates, and the likes, are capable of making a difference.

The truth is, each one of us is put in this world to contribute and make a difference to the world in our own unique way. It need not be anything out of the world. It just needs to be something you do with the intention of 'doing good'

Each one of us is put in this world to contribute and make a difference to the world in his own unique way. It need not be anything out of the world. It just needs to be something you do with the intention of 'doing good'. In this context students of Class VI-VIII were shown motivating quotations, videos, stories and activities to inspire them to make a difference in someone's life.

## HOW YOU CAN MAKE A DIFFERENCE

YOU can make a difference by asking yourself, "How can I make a difference? I'm just a single person!!"

Keep this poem by Edwin Osgood Grover in mind:

"I am only one,  
But still I am one.  
I cannot do everything,  
But still I can do something;  
And because I cannot do everything,  
I will not refuse to do the something  
that I can do."

Keep these tips on how to help the world around you in mind while exploring ways that you can make a difference:

- Try giving back to your community. Research charities and non profit organizations in your area and volunteer a few times a month
- Stand up for causes that you care about. If you want to protect the environment, for example, attend a protest to save an endangered species or organize an Earth Day celebration  
Do random acts of kindness for loved ones or people you meet throughout the day. Even little things like calling a friend or buying a stranger's lunch can turn their day around
- Find like-minded people who are committed to the same cause as you and can help you make an impact. Don't work yourself to exhaustion. If you don't take care of yourself, you won't have the energy to take care of o

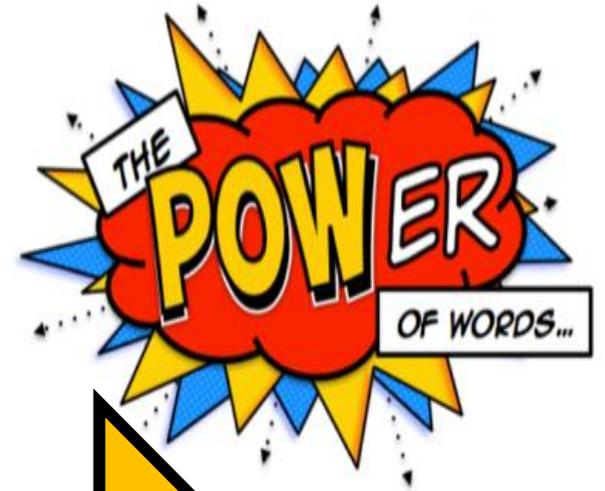

Be the CHANGE  
you want to see  
in the WORLD.

REPORT – ONLINE ASSEMBLY  
**POWER OF SPEECH**

Speech gives us freedom to speak and to express our opinions and views. We can stand up and fight for what we believe in. Words have power. They can destroy and create. We can choose to use this force constructively with words of encouragement, or destructively use words of despair. Students of class VI-VIII were shown videos based on power of speech. They also made batches to understand the impact of positive and motivating words

**WORDS HAVE POWER**

**STORY TIME**

A group of frogs were travelling through the woods, and two of them fell into a deep pit. All the other frogs gathered around the pit. When they saw how deep the pit was, they told the two frogs that they were as good as dead. The two frogs ignored the comments and tried to jump up out of the pit with all of their might. The other frogs kept telling them to stop, that they were as good as dead. Finally, one of the frogs took heed to what the other frogs were saying and gave up. He fell down and died. The other frog continued to jump as hard as he could. Once again, the crowd of frogs yelled at him to stop the pain and just die. He jumped even harder and finally made it OUT. You see this frog was deaf, unable to hear the others' plea. He thought they were encouraging him the entire time.

**Moral of the Story: -**  
 An encouraging word to someone who is down can lift them up and help them make it through the day. A destructive word to someone who is down can destroy them. Be careful of what you say. Speak encouraging words to those who cross your path. It will take them a long way.
