

GOONJ: ODHA DO ZINDAGI

ANNUAL WOOLLEN COLLECTION DRIVE

JKPS in collaboration with “Goonj- A voice, an effort” has made the **winter collection drive** a yearly tradition to **extend warmth and support to those in need** during the winter season and to continue fostering a culture of giving within the school community.

The collection drive was initiated as a part of the Community Outreach Programme to **instill a sense of compassion and community service among our students** while contributing to the well-being of those in need.

Fifteen bundles of blankets and twenty-seven cartons of woollen clothes were given. Collection bins were strategically placed at various locations within the school premises to facilitate the easy and convenient deposit of woollen clothes. Students were encouraged to contribute gently used or new winter garments.

The collection drive sparked conversations about the importance of giving back to the community. It provided students with an opportunity to reflect on the privileges they enjoy and encouraged a mindset of empathy and social responsibility.

Today 4:04 PM

Thank you for contributing material to Goonj. This would help us with development, relief, and rehabilitation work pan India. For details, pl visit www.goonj.org

Regards
Team Goonj

The collection drive served as an educational tool, teaching students about the significance of philanthropy, community service, and the collective power of small acts of kindness.

The success of the woollen clothes collection drive not only brought warmth to those in need but also illuminated the compassionate spirit of our student body. This initiative exemplifies our commitment to instilling **values of empathy and social responsibility in the hearts of our students.**
