

No. 1 Ranking for Social Engagement Award by “The Education Today”

Jaspal Kaur Public School has been ranked No. 1 for the "Social Engagement (CBSE) Category" by the esteemed Jury panel of "The Education Today" magazine. It is an honor for our school to have received this award. JKPS has always aligned the school's vision, which is "Shubh Karman Tey Kabhoo Na Taron", with its actions of working towards the betterment of society.

JKPS has always placed a high priority on academic success, cultivating 'Jaspalians' who give back to their community and personify the virtues of kindness, empathy, and gratitude.

Since its founding, JKPS has made it a priority to educate students about the needs of the local community. We think that until we instill the qualities of compassion, empathy, and gratitude, education will remain worthless. **Jaspalians have always done their utmost to use COMMUNITY SERVICE to spread the Magic of Kindness.**

These efforts have yielded results today. This recognition of our hard work by “The Education Today” magazine has motivated us even more to work towards the advancement of society.

JKPS has worked on **various initiatives** throughout the years which has led to this achievement. All these initiatives include **Community engagement, promoting social responsibility, Environmental Stewardship, Collaboration with Parents and students, Educational Diversity, Cultural and Diversity awareness, Goonj drives, Langar Sewa and lockdown**

efforts, Relief camps and drives, and many more. In addition to these, **Vivekananda Paathshala** has been the backbone of our community engagement program.

We are glad to have received such a prestigious award. This will only encourage us to increase our efforts and contribute abundantly. JKPS hopes to keep these efforts sustained and be appreciated for it.
