

## Visit to “The Living Treasure”

As part of our ongoing commitment to community service, JKPS organised a visit to ‘The Living Treasure dispensary’ situated in Singh Sabha Gurudwara, Mukherjee Nagar. Led by Ms. Pallavi, a group of dedicated students participated in this initiative with enthusiasm and compassion.

The mission of the organisation is to offer lasting medical solutions and guidance to needy and low-income families, aiming to ensure that healthcare is both secure and readily available to everyone.

During the visit, we contributed essential medicines and supplies to support the dispensary's efforts in providing healthcare to those in need.

The initiative was a collaborative effort involving students, teachers, and staff members who recognised the importance of supporting healthcare access for vulnerable populations. Through this endeavour, we aimed to make a meaningful impact on the well-being of our community by providing much-needed medical assistance to those who may not have easy access to it.

It was a humbling experience for our students to witness firsthand the impact of their contributions and to engage in meaningful service to the community. We are proud of their dedication to making a difference in the lives of others and look forward to continuing our efforts in serving the community.
