

## Report: Career Fair at Hansraj Model School

On November 24, 2023, Hansraj Public School hosted a comprehensive career fair for students in classes XI and XII, aiming to provide them with a platform to explore a myriad of career options.

The school organized the event with the vision of broadening students' horizons and helping them make informed decisions about their future paths. Open to all students in the school, the fair featured numerous stalls set up by diverse organizations and institutes representing industries such as engineering, management, healthcare, and humanities. Industry representatives engaged with students, offering insights into work culture, job prospects, and growth opportunities within their respective fields.

The students, displaying enthusiasm and curiosity, actively interacted with the industry representatives, posing questions related to their areas of interest. Informative brochures and pamphlets about various courses and colleges were distributed, aiding students in gathering essential information.

Complementing the stalls, several workshops were conducted by experts from different fields. These workshops, designed to be engaging and interactive, provided students with a hands-on experience in various industries. Topics covered included new technologies, soft skills, and the importance of teamwork, offering valuable insights into the practical aspects of different careers.

The career fair served as an invaluable opportunity for students to gain in-depth knowledge about diverse career options. They not only learned about various fields of study but also gained insights into the admission processes and career growth prospects. Importantly, the fair played a pivotal role in helping students identify their interests and passions, guiding them toward choosing the right career path for their individual aspirations and goals.
