

## 'Green by Goonj'

'Green by Goonj' in collaboration with Community Outreach Team at JKPS set up a stall at JKPS premises on May 18, 2024 on the day of the PTM. This initiative focuses on recycling and reusing urban surplus materials to create various useful items.

A vibrant stall was set up showcasing a variety of creative and eco-friendly items. The stall featured an impressive range of products made from reused and recycled materials, including hand bags, wallets, bookmarks, and folders.

The event was met with enthusiastic participation from both parents and students, who were eager to support the cause and learn more about sustainable living. The atmosphere was buzzing with excitement as visitors explored the beautifully crafted items, each telling a story of transformation and environmental consciousness.

Student Volunteers played a pivotal role in the success of the event. They engaged with visitors, explaining the importance of recycling and how each product was made. Their passion and commitment to the cause were truly inspiring and helped to educate our community on the benefits of reusing materials.

The initiative not only provided a platform for raising awareness about environmental sustainability but also demonstrated the creativity and innovation that can be harnessed through recycling. It was heartwarming to see our school community come together to support such a meaningful cause.

**In conclusion, the stall was a resounding success, highlighting the importance of sustainable practices and the positive impact we can have on our environment. We look forward to more such**

**collaborations in the future, fostering a greater sense of responsibility and care for our planet among students and parents alike.**
