The Joy of Giving Campaign: A Celebration of Compassion and Community

What may seem ordinary to us can become a source of hope for someone else.

The *Joy of Giving* campaign, a heartfelt initiative under the **JKPS Community Outreach Programme** in collaboration with the **Eco Club**, culminated in a profoundly positive and fulfilling experience for the entire school community. Conducted during the Parent-Teacher Meetings in March 2025, the campaign stood as a shining example of how small acts of kindness can come together to create a powerful impact.

With enthusiastic participation from students and parents across all classes, the campaign received an overwhelming response. The designated collection points soon brimmed with generous contributions, including old books, notebooks, stationery, school bags, uniforms, water bottles, and newspapers. Each item

contributed was a symbol of empathy, a reflection of responsibility, and a gesture rooted in the spirit of giving back to society.

What made this initiative truly special was not just the volume of items collected, but the intention behind every contribution. These thoughtfully gathered materials have now been handed over to trusted partner organisations—**Goonj – A Voice, An Effort, Inchipaper’s Har Haath Kitaab** initiative, the **Nishkam Sikh Welfare Organisation** and **Deepalaya**—to ensure that they reach those who genuinely need them and will benefit from them the most.

In a meaningful step toward sustainability, *Inchipaper* will also be recycling old notebooks, storybooks, and novels. This environmentally conscious effort highlights our commitment to promoting the responsible use of resources and reducing waste through mindful action.

The campaign served as a valuable learning opportunity for our students, nurturing in them a deeper understanding of community service, compassion, and eco-conscious living. It encouraged them to reflect on the privileges they enjoy. It inspired them to extend a helping hand to those in need, thereby sowing the seeds of lifelong empathy and social awareness.

We extend our **heartfelt gratitude** to all the students and parents who came forward with such warmth and generosity. Your contributions transformed this campaign into more than just a collection drive—it became a movement of kindness, care, and shared humanity.

Together, we have not only made a tangible difference in the lives of others but have also reinforced the belief that **every small act of giving holds the power to touch lives.**

- **SDG 1: No Poverty** – By redistributing essential learning materials, we are supporting equitable access to education and easing financial burdens.
- **SDG 4: Quality Education** – The contributed books and stationery will empower students from underserved backgrounds with better learning opportunities.
- **SDG 12: Responsible Consumption and Production** – Through the recycling initiative, we are promoting sustainable practices and reducing waste, fostering a culture of mindful consumption.
