## Class Assembly on Earth Day

### Earth Day Assembly Report – Class 5D

Date: 23<sup>rd</sup> April 2025

**“The Earth is what we all have in common.” – Wendell Berry**

Class 5D had the wonderful opportunity to host the morning assembly on the topic *Earth Day*. With great energy and thoughtfulness, the students highlighted the importance of caring for our planet. The assembly began with a warm welcome extended to our respected Principal Ma’am, Headmistress Ma’am, teachers, and fellow students. A soulful *Shabad* set a calm and positive tone for the day, reminding us to begin with gratitude and grace.

The theme for this year’s Earth Day, “*Our Power, Our Planet,*” was beautifully introduced. The students explained how this global observance is dedicated to raising awareness about critical issues such as pollution, climate change, and the protection of endangered species. They emphasized how each of us can contribute to a cleaner, greener future by supporting sustainable sources of energy and adopting eco-friendly practices. Following this, the students shared the day’s news headlines and presented a thoughtful *Quote of the Day* that reminded everyone of the power of positive thinking. To make the morning even more enriching, two new words—*Stewardship* and *Biodegradable*—were introduced, expanding the students’ vocabulary while deepening their understanding of environmental challenges.

One of the highlights of the assembly was a heart-warming poem recited by a student, painting a vivid picture of Earth’s natural beauty and the urgent need to protect it. This was followed by a lively and energetic dance performance—a celebration of our planet and a powerful call to action. Through movement and music, the message was loud and clear: we all have a vital role to play in taking care of our only home. As the assembly drew to a close, Priyanka Ma’am shared a few kind words, appreciating the sincere efforts of the class. The Headmistress also addressed the gathering, encouraging everyone to carry the spirit of Earth Day beyond the assembly hall and into their daily lives.

The program concluded with the National Anthem, followed by a heartfelt thank-you message from the students of Class 5D. They reminded us all that Earth Day is not just a date on the calendar—it is a daily reminder to act, protect, and cherish our planet.
