

VIVEKANANDA PAATHSHALA

APRIL 2024

"The highest form of service is the service to others, especially when it's in the pursuit of education and empowerment."

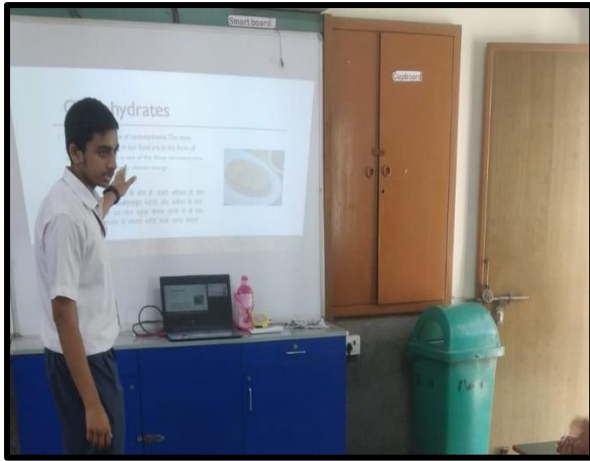

- Oprah Winfrey

The month of April 2024 was a delightful blend of amusement and learning at JKPS. **With open arms and warm hearts, we welcomed the children into the new session.** Excitement filled the air as we marked the beginning of a journey filled with discovery and growth.

In our efforts to provide comprehensive education to Vivekananda Paathshala students, we embarked on a journey to teach them about the rich history of the Mughal dynasty. **Through an interactive session, we introduced these students to the fascinating world of Mughal emperors, their contributions, and the cultural heritage they left behind.** Despite the challenges, we witnessed a remarkable eagerness among the students to learn and explore.

The session focused on teaching the children the fundamentals of food and its composition, aiming to empower them with essential knowledge for making informed dietary choices. The students learned about the various nutrients present in food, including carbohydrates, proteins, fats, vitamins, and minerals. Moreover, the session emphasized the importance of balanced nutrition for overall health.

A basketball match was organised for the students which fostered a sense of camaraderie, teamwork, and joy among the participants. The event aimed to provide these children with an opportunity to engage in physical activity, develop essential life skills, and experience the thrill of sportsmanship.

Throughout the match, teamwork and sportsmanship were on full display, as players worked together to score points, defend their baskets, and celebrate each other's successes. **Regardless of the outcome, every participant emerged as a winner, having experienced the joy of friendly competition and the satisfaction of giving their all.**

Some guests came to JKPS with the noble intention of distributing stationery and food items to our students. Their visit was marked by warmth, generosity, and a genuine desire to make a positive difference in the lives of our school community.

Adjectives and degrees of comparison were taught to primary students, where they explored the fundamentals of adjectives as descriptive modifiers of nouns. Through hands-on exercises, students gained a deeper understanding of how adjectives can be used to compare and

describe nouns in various contexts.

The students of Vivekananda Paathshala were elated to mark their birthdays amidst their peers. The celebration commenced with a delightful cake-cutting ceremony followed by the distribution of treats. The atmosphere was filled with exuberance as the students danced joyfully, cherishing every moment of the occasion.

The volunteers have been the backbone of our 'Community Outreach Programme.' It is because of their tireless efforts, that JKPS can provide essential support to those in need but have also inspired others to join in the noble cause of serving humanity.
