## JKPS Students Visit Amrit Udyan and Rashtrapati Bhavan Museum

The students of Jaspal Kaur Public School recently embarked on an enriching educational trip to Amrit Udyan, the renowned gardens of Rashtrapati Bhavan and the Rashtrapati Bhavan Museum on 19 February 2025. The visit was an opportunity for students to appreciate the beauty of nature, learn about diverse plant species, and understand the historical and cultural significance of the gardens.

Accompanied by their teachers, the students explored the sprawling landscapes, taking in the vibrant floral displays, lush greenery, and intricately designed sections such as the Musical Garden, Bonsai Garden, and the Circular Garden. The meticulously maintained gardens, which open to the public only for a limited time each year, left the students mesmerized with their breathtaking variety of seasonal flowers and indigenous plants.

Following their tour of the gardens, the students proceeded to the Rashtrapati Bhavan Museum, where they delved into the history and legacy of India's Presidents. The museum's interactive exhibits, rare artifacts, and digital displays provided an engaging learning experience. Students were particularly fascinated by the presidential memorabilia, historical documents, and glimpses into the lives of India's leaders.

This excursion was a perfect blend of education and exploration, offering students a unique opportunity to connect with India's history, culture, and environment. The school management and faculty emphasized the importance of such experiential learning trips in broadening students' perspectives beyond textbooks.

Students returned with a deeper understanding of horticulture, sustainability, and the significance of preserving natural beauty.

Jaspal Kaur Public School continues to promote holistic education by organizing field trips that blend knowledge, exploration, and fun.
