Career Counselling Session on Armed Forces

An informative session on the various career opportunities offered by the Indian Army was conducted in the school auditorium on May 13, 2025. The session was led by Lieutenant Colonel Shekhar Ohlan, a distinguished alumnus of our school. Lt. Col. Shekhar shared his journey from school to becoming a senior Army officer and emphasised the importance of discipline and a well-structured routine.

He explained the different ways to join all three branches of the Armed Forces and the examinations required to enter the Army, both as a commissioned officer and through a short service commission. He also highlighted the excellent quality of life in the Army and the pride of leading a purposeful life.

His address was accompanied by a PowerPoint presentation showcasing the glory and achievements of the Indian Armed Forces. This was followed by an engaging interactive session where students’ queries were answered. Students were particularly fascinated by Lt. Col. Shekhar’s knowledge of firearms and his expertise in operating tanks and missiles. The session left many students highly inspired and motivated to join the Indian Army.
