Community Outreach Visit

“The best way to find yourself is to lose yourself in the service of others.” – Mahatma Gandhi.

On July 22, 2025, the students of Jaspal Kaur Public School visited Koshish Ek Aasha Therapy Centre for Children with Special Needs (CWSN), located in Sector 3, Rohini. The centre is headed by Dr. Shikha, an experienced Occupational Therapist (OT), and offers a range of therapies for children with diverse needs, including autism, locomotor disabilities, and disorders such as ADHD.

During the visit, the student volunteers observed therapy sessions in occupational therapy, special education, and behaviour modification. They actively participated by supporting children during the sessions and collaborated with therapists to assist in developing daily living skills.

The students also explored various OT equipment and understood their specific uses. They learned about activities designed to improve a child's focus, concentration, and hand-eye coordination.

The visit proved to be an enriching experience for the students, offering them valuable insights into the world of special education and therapeutic interventions. It not only enhanced their awareness but also nurtured empathy, sensitivity, and a sense of responsibility towards creating an inclusive society.
