Visit to Nishkam Sikh Welfare Council

As part of the ongoing *Community Outreach Programme*, Mrs Priyanka Bhatia, accompanied by five students of Class VIII and a parent, visited the **Nishkam Sikh Welfare Council**, Tilak Vihar, on Wednesday, 29th October 2025.

The visit beautifully reflected the spirit of kindness and compassion that lies at the heart of community service. The students witnessed the dedicated and selfless work being carried out at the Council and realised that true happiness is found in giving and serving others.

Interacting with the volunteers left a deep impact on the young visitors. They observed how simple gestures of care — a smile, a helping hand, a listening ear — can bring immense joy and comfort to those in need. The President of the organisation also guided the students with the **three C's — Confidence, Concentration, and Contentment**, highlighting their importance in leading a balanced and fulfilling life.

The students visited various sections of the organisation, including **Computer Training, Music Education, Typing/Shorthand Tuition Centre, Medical Assistance, Educational Assistance, Medical Care, and the Library/Reading Room**, gaining valuable insights into how the Council supports the community through its multifaceted initiatives.

The experience was one of gratitude and reflection — a reminder that empathy and humility are the strongest bridges that connect human hearts.

Through such initiatives, *JKPS* continues to nurture compassionate individuals who find joy and purpose in serving others.
