

"Every day is a bank account and time is our currency. No one is rich, no one is poor, we have got 24 hours each."

Time is the most powerful warrior. It has a wonderful way of showing us what really matters. With this encouraging thought, the students of class VII A presented a mesmerizing assembly on the topic- '**Time Management.**'

Time management is the process of planning and exercising conscious control of time spent on specific activities, especially to increase effectiveness, efficiency, and productivity. Before pondering over this thought the assembly began with the blessings from almighty along with soulful Shabad followed by inspirational thoughts based on the topic. This was followed by news updates. The students enriched the vocabulary of their friends by sharing two new English words with their meanings.

Students also shared a few tips on how one can manage their precious time. The assembly left everyone spellbound with their inspirational thoughts, tips and performances. The assembly concluded with a poem on '**Samay ka Mahatv**', thereby motivating students to strike the right balance between hard work and time management, both key components for being successful in life.

The school Principal, Ms. Asha Saran Srivastava applauded the students for presenting such a thought-provoking assembly and motivated students to practice time management at each and every step of their life.
