

# Community Outreach Programme At JKPS

***“Great opportunities to help others seldom come,  
But small ones surround us every day.”***

Sally Koch

Community connect has been one of the foundational principles of JKPS. By working for the underprivileged we not only pay our debt to society but enrich our lives. We at JKPS believe that education is a meaningless feat if we do not imbibe the values of compassion, empathy and gratitude for the benefit of those who need a helping hand. The program involves leading awareness campaigns, visits to old age homes, orphanages, deaf & mute centres, eco-sustainability drives etc. Community Outreach activities and projects develop leadership, resilience, empathy and service-mindedness in our students.
