Topic

Healing through breath-A 10 days of breath & meditation journey

Date

:01-10 May 2021

Resource
/ Presenter

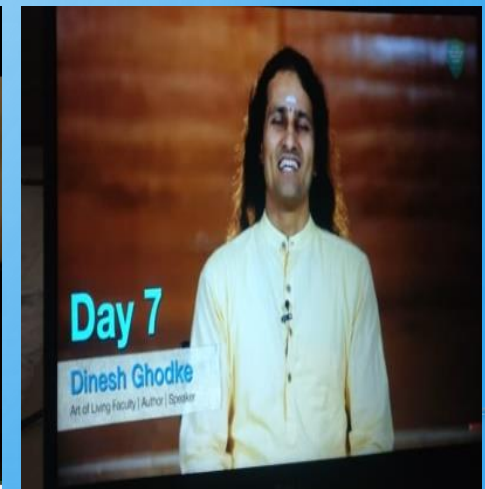

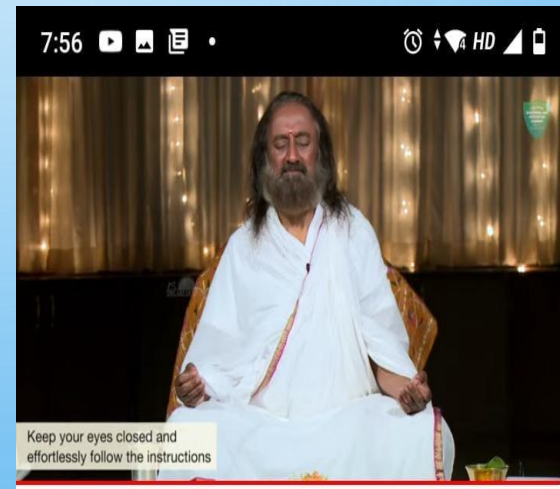

:GURUDEV- Sri Sri Ravi Shankar Acharya

Learning Outcomes:

The meditation process was simple and helped in building up positivity and inner strength.

This journey served as an outlet to emancipate ourselves from the stress we are facing due to these extraordinary times and fill ourselves with positivity, compassion and care.

TEACHERS' WEBINARS FOR THE MONTH OF MAY 2021

SESSION 2021-2022

Topic

Friday @5 webinar series

Date

:07,14,21,28 May 2021

Resource
/ Presenter

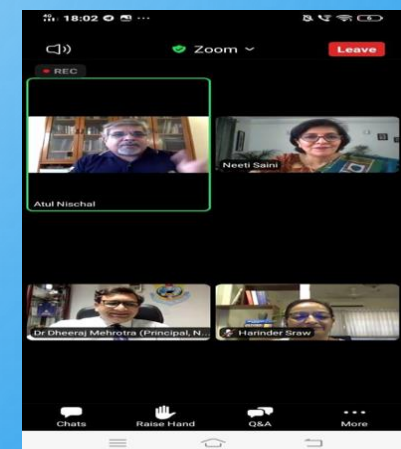

Dr. Atul Nischal, Ms. Tripura Kashyap,
Ms.Swara Patel

Learning Outcomes

:

A series of enriching and informative webinar which dealt with the importance of kinesthetic learning and its usage in the present times. The series immaculately emphasis on community building and how to do that effectively. It also laid emphasis on continuous professional development and how important it is for teachers.

Experiential learning is a good way for both students and teachers as it supports to meet teachers' aim as to why I became a teacher whereas students also understand things in a better manner because they can find a connection between the book and their surroundings.

--	--

Concept of inclusion

Inclusion involves the restructuring of the whole system with the aim of guaranteeing a wide range of opportunities. This includes programs, pedagogy and recreational opportunities.

Inclusive education requires a system where children of diverse backgrounds are able to access all available opportunities and be able to realise their full potential. This means having in place the necessary infrastructure which enables children with special needs, SC, ST, OBCs, and girls have equitable access to education
