

# PARENT TEACHER ASSOCIATION

***“Alone we can do so little, together we can do so much more”.***

J.K.P.S has a PTA where the parents and the teachers work, support, and contribute to the educational journey of the students by lending a helping hand.

Regular PTA meetings are organised by the school to abreast the PTA members about the development and the changes in school. All the parents and the schoolwork together to take important decisions pertaining to the school, and the students.

During the pandemic virtual PTA meetings were held where the representatives of J.K.P.S and the PTA members attended the meetings and interacted with each other.
