## Report on Virtual Visit to Abhyaas Learning Center

On Friday, the 17th of December, Jaspal Kaur Public School edified the students, through an interactive virtual meeting, with the young achievers of Abhyas Special Center. The meeting was attended by the School Principal, the headmistress, the School students, the in-charges and the children of the special institution.

The event commenced at 11 am with the welcoming of guests, followed by a Shabad performed by our students, to seek the blessings of the Almighty. Then, the lamp was lit, symbolizing wisdom and knowledge, which was tagged along by the enlightening words from the School Principal, Ms Asha Saran Srivastava.

The next was a melodious musical recitation of the action song 'Wavin' Flag' by the students. It was wonderful how they came out equally graceful, even on a virtual platform! To make the event further enjoyable, a story dramatization, 'I'm Possible', was presented. The spellbinding story rendition was followed by a warm interaction between our students and kids of the learning institution.

The event ended by expressing pride towards the nation with the National Anthem and expressing gratitude towards everyone who made this virtual meet success and all those who could take out their precious time and be present. The virtual meet certainly left everyone's hearts full as even the students felt like they were friends with the children of the centre!
