

VIRTUAL LITERARY TALK SHOW 'YOUNG WRITERS NETWORK' WITH MS. ADRIJA ROY CHOWDHURY

“Literature adds to reality, it does not simply describe it. It enriches the necessary competencies that daily life requires and provides; and in this respect, it irrigates the deserts that our lives have already become.”

-C.S. Lewis

Literary means not only what is written but what is voiced, what is expressed, what is invented, in whatever form.

Meeting an Author gives students direct access to authors who share their personal stories, offer writing tips, and encourage students to “keep reading, keep writing, keep dreaming.”

We have had a golden opportunity to meet the renowned author, **Miss Adrija Roychowdhury** on 29th January 2022 during an Author's Meet occasion.

For those who want to make a career in a literary field had an eye opener experience with her as she told that we should start on a small scale if we want to get into a field of self expression in terms of anything that is provocative in our environment. I was quite thrilled to know about journalism and journalism calls for a lot of in-depth observation and bringing them on paper. She warned us to not bow before any struggle that we might face in future because she told us to make a stand it is important that we learn to oppose all opposing forces against us with chin up boldness.

with such an inspirational personality" Ms Adrija Roychowdhury" Being a reader and an imaginative person who wants to write but still need guidance this session helped me a lot. Knowing about different and such unique aspects of writing and thinking was such a motivation for me to write. I was never a fan of history but this session changed my thoughts drastically. History for me was always a boring and sleepy subject but the way Ms Adrija described history to be compared with present and make a meaning out of it makes me curious to know about it more, always being feared of judgments and lacking confidence but listening to Ms Adrija's journey gave me the confidence.

recently launched her book. The event was really interesting and full of knowledgeable inputs. My favourite part has to be when Ms Adrija said "people who are unaware about their surroundings, don't go too far in life". This quote was really thought provoking and encouraged me to read newspapers daily. The event was a great success and every student took something or the other from it.

I am inspired by the words of Adria man. She was very friendly and calm while talking to the students and while answering their questions. I learnt that reading a book once a day increases your reading skills and you can make stories and monolog books are our bestfriends and besides academics we learn so many things by reading books.
