

Assembly

World Humanitarian Day

There is nothing more rewarding than giving back to others. Kindness and being generous can change the world. Community Service has been an integral part of the functioning of JKPS since its very inception and provides a helping hand to those who are in need. To pay our tribute to all such workers who toil for humanity's sake, prioritising their safety, survival and happiness while fulfilling their needs, Class II-B organized an assembly on the occasion of 'World Humanitarian Day' on August 19, 2022. The students emphasised the importance of humanity and why we celebrate this virtue as 'World Humanitarian Day' every year, in the presence of our Headmistress, Ms. Shikha Dhameja .

The little starlets of JKPS honoured the valiant efforts of all the doctors and health workers who continued providing life-saving support and protection to people during the deadly COVID-19 crisis and other medical emergencies despite facing insurmountable odds.

Our respected Headmistress ma'am, in her motivating speech, defined kindness as one of the most important virtues a human can possess and expressed her views and opinions on how kindness changes others' lives. The assembly ended with children taking a pledge to promote humanity and being kind to one another.
