

ASSEMBLY ON FAMILY BONDING

"Being a family means you are a part of something very wonderful. It means you will love and be loved for the rest of your life."

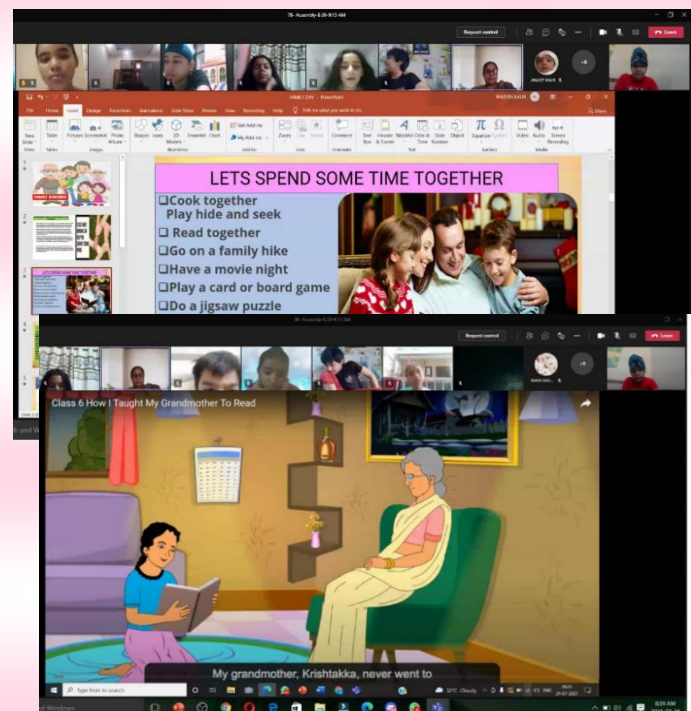

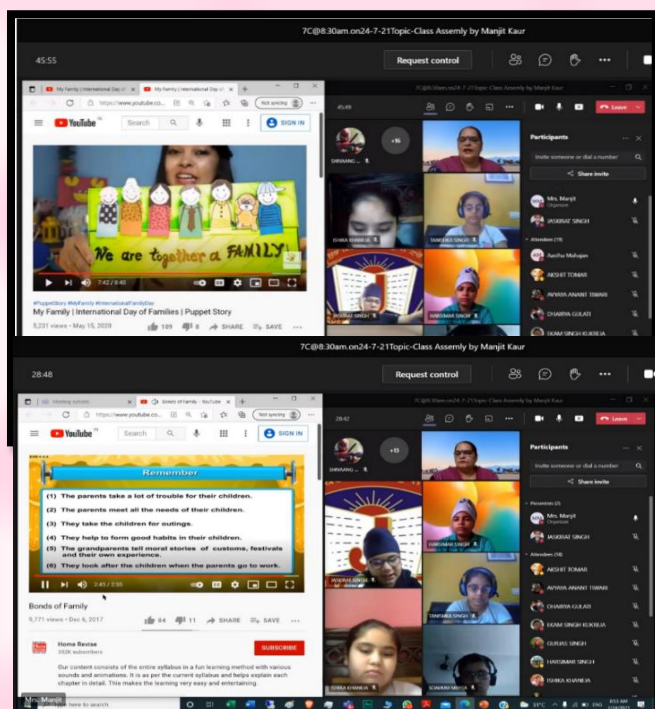

---- Lisa Weed

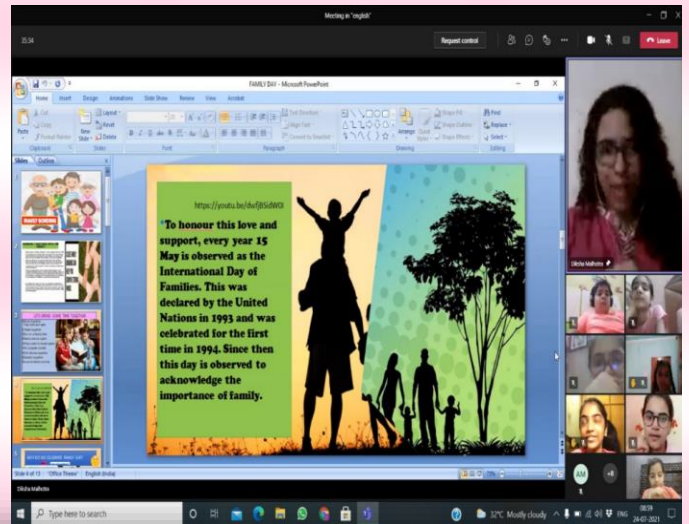

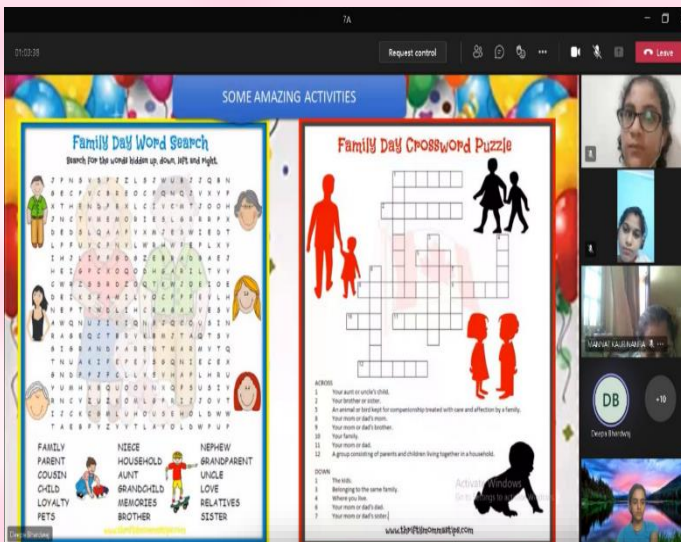

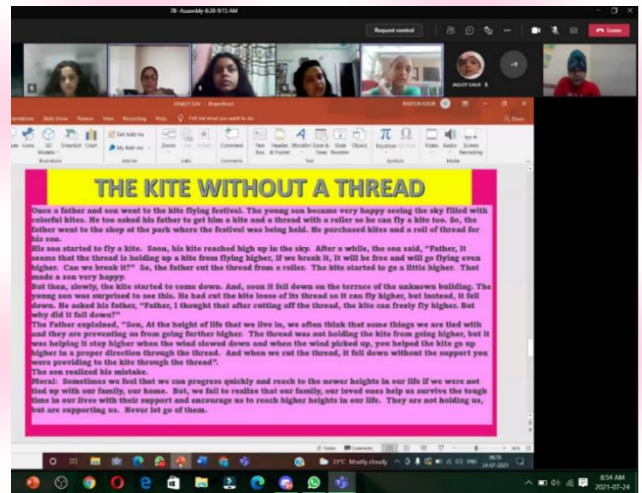

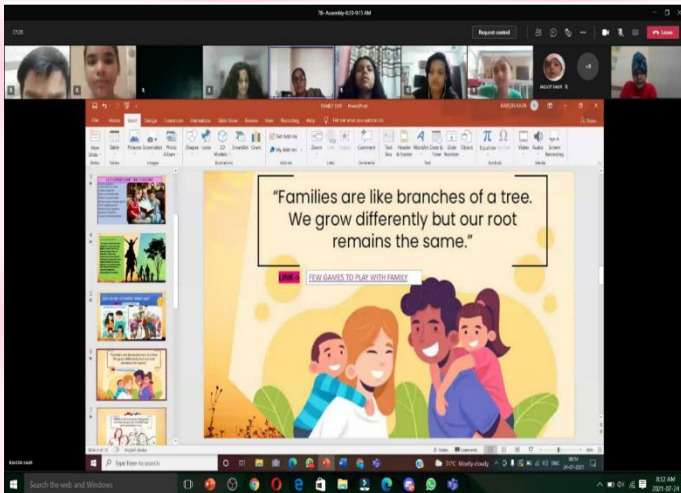

To delimit the importance of family bonding, the students of JKPS of classes IV-VII conducted a special assembly on the topic 'Family Bonding'. They were shown a PPT which included videos, stories, crosswords, craft activities, and quizzes based on 'Family Bonding'.

The students understood how fortunate they are to have loving families and how every member plays an important role in keeping the family garland fresh and endearing. They learnt to value family time and discussed the various ways to strengthen the family bond. Children also admired the fact that a family is an inseparable part of everyone's life and spending quality time with family is paramount in building stronger relationships.

To show their bond with their family students of classes IV and V made beautiful photo frames and shared their precious memories with their family and friends. The parents were also delighted to see their children recall beautiful memories....the activity was indeed an enjoyable one!

Students of classes VI & VII painted their hearts out, stepped into their memory lanes, and imagined and painted some of the wondrous times spent with their families. The activity truly lived up to its name "Bonding Together with Colours".
