

# ASSEMBLY/ ACTIVITY REPORT

## JULY 2022

### PS/PP

Frizzle Drizzle Assembly was held at JKPS on 8 July 2022.

Children actively participated in the assembly and spoke a few lines about the Rainy season. They enjoyed reciting rhymes with actions and expressions. They were explained about the rainy season and its importance to us.

An assembly on **Golden Words** was held on 15 July 2022.

Children wore placards and head gears with 'golden words' like 'sorry', 'thank you', 'please' and 'excuse me'. They were explained the usage of these golden/magic words and were also told stories related to these words.

An assembly was held on 22 July 2022 on the topic 'Things We Use Daily'. Children enacted like different things like toothpaste, toothbrush, comb, soap, newspapers, water bottles, bags and mobile phones etc. and spoke lines on the same.

### **International Tiger Day**

An interesting activity was organised to celebrate International Tiger Day. Children did a colouring activity on the tiger. They were made aware that the tiger is our national animal and we should conserve the species of tigers.

## Clay Modelling Activity

Clay modelling helps in the fine motor development of the child. It enhances a child's creativity. Our tiny tots of Preschool learnt basic shapes and enjoyed making the letters and numbers with clay.

## Art and Craft

Art and craft help the students to express their emotions and enhances their creativity. Hand Printing activity was organised for our students as it is an excellent way to give children the conceptual understanding of Number 10.

## GRANDPARENTS' DAY

Family gives us the values of love, trust, hope, belief, culture, morals and traditions. So, our children need to know the importance of family. To achieve this goal, the students were asked to dress up as their favourite family members and enact like them.
