

AWESOME APRIL 2021

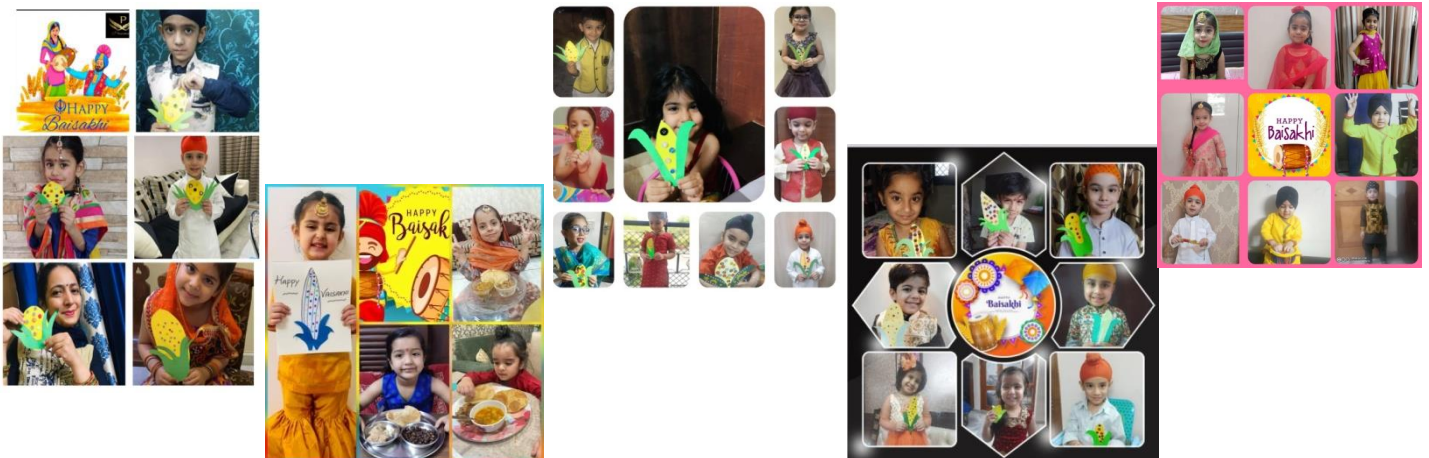

VIRTUAL TOUR CLASSES PP/PS MOTHER DAIRY MILK FACTORY

Milk is an important part of young children diet and plays an important role in their growth. To emphasize the significance of having milk and milk products daily, we took our Pre-primary students on a Virtual Tour of the Milk factory on 9 April 2021. Students learnt how milk is processed and how it reaches us safely.

CELEBRATION CLASSES PP/PS BAISAKHI CELEBRATION

Baisakhi is an important festival celebrated in North India as the crop is harvested on this day and it's a day of enjoyment and celebration. To emphasize the significance of this festival, we had an Assembly on Baisakhi on 13 April 2021. Students were beautifully dressed up in traditional attire. They made 'Kaara Prasad' and delicious delicacies. Students also took part in an attractive craft activity using coloured sheets and buttons.

ACTIVITIES
CLASSES PP/PS
SHAPE: CIRCLE

Learning by doing helps students to understand the concepts in the best manner. To help our Preschoolers understand the concept of a Circle, we conducted an activity on 15 April 2021. Students learnt about many circular shaped objects and also identified many circular objects around them.

EARTH DAY

We owe our beautiful lives to Mother Earth, it is our duty to take care of her and preserve it. To emphasize the need to preserve our Mother Earth, we celebrated Earth Day on 22 April 2021. Students learnt that they should water plants regularly, feed birds, conserve water, plant more trees etc. It was an enjoyable and learning experience for our pre-schoolers.

ASSEMBLIES

CLASSES PP/PS

Earth Day

Mother Earth has given us everything to fulfil our needs. We must preserve our mother Earth. To emphasize the importance of Mother Earth, we conducted a special assembly for our pre-primary students on 23 April 2021. Students learnt that we should not waste water, plant more trees and keep our earth clean and beautiful.
